

CAMP RENTAL FEE SCHEDULE 2019-20

Submit with Camp Rental Application

**RENTAL RESERVATION
INFORMATION**

To reserve a camp rental, complete the Rental Worksheet and Short Term Camp Reservation form. Please take note of the following information:

1. DEPOSIT: Fees under \$100 are to be paid in full two weeks prior to rental. 10% of total anticipated fees or \$100, whichever is greater. This non-refundable deposit is due upon making a reservation. We reserve the right to require full payment of anticipated fees two weeks prior to rental.

2. DAY: A day is calculated in 24 hour time periods, from the time your group arrives until the time they leave. Partial periods count as one day.

3. KITCHEN: To rent kitchen facilities you must have a qualified cook to operate and direct all food preparation and use of kitchen equipment. "Qualified" is defined as having experience in commercial/institutional food service operations, and having a current Food Workers Health Certificate from a county health department.

4. FIREWOOD: If you rent a building with a fireplace or wood stove, a **limited supply of firewood** is provided. Extra wood is available for a fee. (Except at Camp Sheppard-bring your own wood if needed.)

5. GARBAGE: Garbage disposal charges are waived if you pack out your own garbage. If transportation and dumping charges are more than \$100, you will be charged actual cost. For Camp Sheppard, garbage will be disposed of that does not exceed the capacity of the dumpster. You will be charged for any remainder.

6. CLEANING: Cleaning charges are waived if we do not need to clean up after your group.

7. DAMAGES: If we can fix your damages good as new, repair charges only will be assessed. Repair charges will include labor.

8. TENTS: Tents are rented only at times when we already have them set up, immediately before or after summer camp. There will be no off season
