

PORTABLE (TRAILER MOUNTED) CLIMBING WALL AT CAMP EDWARD CHIEF SEATTLE COUNCIL, BSA

The Camp Edward Climbing Wall is a twenty foot structure commercially built for recreational facilities. The wall consists of 4 easy climbing routes, each with an automatic hydraulic "auto-belay" system.

This wall is available for all Cub and Boy Scouts and comes with all of the helmets, harnesses, and hardware needed for full set up and use. The trailer is mounted on a tow-behind trailer and can either be used by your group at our facility or towed to your location (by you or by a member of our team if available).

WAYS TO EXPERIENCE THE PORTABLE CLIMBING WALL

Summer Camp:

The Camp Edward Portable Climbing Wall is a regular feature during Camp Edward Cub Resident Camp each summer. Participants will have several opportunities to climb.

Off-Season Usage:

Scouting and Non-Scouting Groups (youth-serving) may utilize the course on a day to day basis throughout the fall, winter, and spring.

There are several ways to rent and use the Camp Edward Portable Climbing Wall during the off-season:

At Camp Edward

Be our guests at Camp Edward for the day or for the weekend (If is space available. Make camping arrangements separately with Camp Ranger).

The Camp Edward Portable Climbing Wall may be used by any number of participants, depending on how much climbing each person will be able to complete.

Scouting and Non-Scouting groups (youth serving) may sign up. The fee is \$300 and we will provide qualified staff members.

At Your Location (your transportation and staff)-BSA ONLY

You may come to Camp Edward and pick up the Camp Edward Portable Climbing Wall and tow it to your location. The fee is \$100 and this option is mostly intended for recruitment events, camporees, and community events. Not for use in fund raising activities.

You must bring an insured and well-maintained vehicle appropriate for towing about 4,000 lbs. with all necessary safety equipment/lights in operation (Ranger will verify). You must use your own trained staff to operate the tower.

A camp ranger shall copy your driver's license and conduct a 30 minute training in the setup and operation of the Camp Edward Portable Climbing Wall. You will be responsible for returning it when your event is concluded.

At Your Location (our transportation and staff)

We may be available to come out with the tower and staff your event. The fee is \$300 with a towing surcharge and is limited to available staff.

Please complete the COPE/Climbing Reservation Form at the Camp Pigott page at the website www.seattlebsa.org if you are interested in one of the rental options.
