

WILDERNESS FIRST AID (WFA) TRAINING

Saturday, March 30th and Saturday, April 6th, 2019

Mary Queen of Peace Church

1121 228th Ave SE, Sammamish, WA 98075

9:00am – 5:00pm

The Wilderness First Aid course provides an intensive 16 hours of training covering injury assessment, rescuer safety, bleeding, shock, orthopedic injuries, long term patient care, and treatment with materials at hand during practice sessions. When you are participating in outdoor activities that take you more than 1 hour away from medical care, wilderness first aid provides a significant difference in survival and minimizes the long term effects of injuries. This course is a requirement for units traveling to any of the national bases; it is highly recommended for high adventure activities when medical help may be delayed. Instruction is in a classroom setting with several sessions held outdoors, so please plan accordingly and dress for the weather. CPR/AED is a prerequisite for certification in this course, although participants can attend the WFA course and get their CPR/AED later (the certificate would then be issued after proof of CPR/AED training).

The cost of the Wilderness First Aid Training course is \$50.00 per person (\$30.00 per person if you are renewing), and you must attend both days.

PARTICIPANTS MUST BRING THEIR OWN LUNCH, AND BE PREPARED TO BE OUTDOORS (no matter what the weather.) EACH STUDENT IS ALSO REQUIRED TO BRING THEIR BACKPACK PACKED FOR LAND BASED OUTDOOR ADVENTURES. Participants need to be 14 years of age or older in order to be certified. Course is limited to 40 participants (first come first serve). **NO REFUNDS**
