2025 Program Guide

A Letter from the Camp Director

Fellow Scouts and Scouters,

Welcome to the wonderful world of Scouting Adventures at Camp Sheppard! Camp is a unique place where youth and adults build memories and friendships that last a lifetime. Camp Sheppard will act as your base for exciting alpine adventure. Your weekend will be packed full with activities and experiences that help youth grow.

Camp Sheppard is operated by the Chief Seattle Council as an outdoor education center, as well as an alpine camping experience for scouts of all ages. Established for youth activities in 1947 camp has been in continuous operation ever since. Camp Sheppard has an impressive history of outdoor adventure, as well as environmental stewardship through partnerships with the National Forest & National Parks Services. Nestled deep in the heart of the Mt. Baker-Snoqualmie National Forest, and in shadow of Mt. Rainier, it is hard to find a more suitable location for adventure in the out-of-doors.

This Program Guide has been crafted to help prepare you for a successful scout outing in our beautiful alpine setting. Among these pages you will find information on registration, camp accommodations, program offerings, as well as directions to camp. Please feel free to reach out with questions!

Our staff is excited to host you for a weekend of scouting experiences you wont soon forget In the Shadow of the Mountain!

Know before you go!

Road Conditions

Camp Sheppard is located along the Mather Memorial Parkway (SR 410) at about 2,500 feet elevation. Conditions in the Winter and Spring vary from bare and dry to snow and ice in a matter of hours. Our chief concern is the safety of participant and staff. For up to date road conditions and weather please visit the Washington State Department of Transportation website prior to departing for camp. Updates are also made to the Chief Seattle Council website when appropriate or in the event a session must be cancelled due to unsafe conditions.

Between November 1st and April 1st the WSDOT requires tire chains in all vehicles without all-wheel drive on State Rout 410.

Parking

The camp parking lot is small and shared with a public trailhead. **Please carpool** if possible to help ensure all have room to park. Camp staff members will greet you in the parking lot and direct you to the main lodge for check-in. Carts & wheel barrows are available to transport gear to your cabin. No vehicles are allowed past the camp gate.

Check-In at Camp

Upon arrival at camp, staff members will direct all youth and adults to the main lodge for check-in. Adult leaders or parents should come prepared with their unit number, and the BSA Medical forms for each participant, adults and youth. Once checked in you will be directed to your cabin for the weekend. During winter camp at 9:00pm on Friday evening there will be an Adult Leader/Senior Patrol Leader meeting held in the lodge to answer questions about the camp program and assign meal times. One adult leader minimum should attended from each cabin.

COMMUNICABLE DISEASE & Camp

Camp Sheppard has worked hard to prepare a fun and safe program for every Scout and adult who attends our programs. If any youth or adult has symptoms, fever, or have been in known contact with an individual with a communicable disease the vehicle will be sent home. For up to date guidelines please contact the camping department.

Accommodations

Bathrooms

Two central bathroom & shower facilities are available for use at camp. One for males and one for females. Bathrooms are open to use 24 hours, and shower facilities are scheduled for youth and adult use (odd and even hours). Paper products and soap are stocked. Other toiletries are not provided, and campers should bring their own for bathroom and shower needs.

One camper bathroom is available in the main lodge.

Cabins

Equipped with eight heated cabins Camp Sheppard is the perfect place for scouts and scouters to enjoy a week-end of fun. Each cabin has bunks with a camp mattress (bedding not provided or available). **Male and female youth will be housed separately.** Separate bunk rooms at the back of the cabin are available for adult accommodations. Depending on the number of people with your unit there is a chance your unit will be split between multiple cabins & activity groups.

Please update your online account with any changes in registration, including genders of all attendees. This impacts the manner in which accommodations are allocated. We can not guarantee that female leaders are housed in the same cabin as male youth and vice versa.

Dining Hall

Camp Sheppard's Dining Hall/Lodge is a perfect place to warm up at meal time, or get a cup of hot coco & coffee during the day. The dining room is quaint and seats about 70 campers at a time. For that reason cafeteria style food service is offered, and meals are served in shifts.

Meal Shift Program

For Winter camp at the Friday evening 9:00 meeting cabins will be assigned to a specific meal rotation. For Cub Getaway upon check-in cabins will be assigned to a specific meal rotation. It is important that scouts and scouters show up during their assigned meal time, as the kitchen prepares food for each service based on these assignments. Please feel free to reach out to the Camp Director with questions regarding food service.

Dietary Needs

The camp kitchen can provide meals that consider common dietary needs such as vegetarian, peanut free & gluten free. Please submit information on all dietary needs **one week prior** to attending camp through the online registration system. Attendees with more complex needs can bring their own special foods & store them in the camp kitchen where refrigeration is available.

Peanut Policy

No peanut products, including peanut oil, will be used in the meals, snacks, cracker barrels, or any other food service provided in the dining halls of Chief Seattle Council camps.

While this prohibition is in place in the dining halls, those with allergies must be aware that camp trading posts may contain some peanut products. It is also important to note that peanut products may be brought to camp by individual Scouts or leaders without the knowledge of the camp staff or the Chief Seattle Council.

Cub Scout Program

Leadership

Two adult leaders who must be at least 21 years old, and are B.S.A. registered, are required. Male and female Scouts will have separate sleeping accommodations. Female scouts must attend camp with at least one female adult leader.

We typically recommend a 1 adult to no more than 5 scout ratio, however units can use their discretion. Young scouts typically thrive in new environments with parents or adult leaders they know well. For very young scouts (Tiger Scouts) we suggest parents attend with their son/daughter.

Cub Scout parents or legal guardians taking part in an overnight Cub Scout program with their own child or legal ward are not required to register as leaders.
