Eagle Scout Service Project Workbook No. 2023a
February 2023

Requirement 5 – Eagle Scout Service Project

*“While a Life Scout, **plan, develop, and give leadership** to others in a service project helpful to any religious institution, any school, or your community.”*

- *Be Prepared Tip #1* – Read the workbook! Almost all questions can be answered by reading the workbook. Additionally, your signature on Proposal Page H is your **promise** that you have read the entire workbook, including the ‘Message to Scouts and Parents or Guardians’.
- “While a Life Scout” means work on the project—including planning—begins after the Life Scout board of review. It’s okay to discuss project ideas before achieving Life rank.
- “Give leadership to others” means that there needs to be at least 2 people besides the scout involved with the project. “Councils, districts, and units shall not establish requirements for the number of people led, or their makeup, or for time worked on a project.”

[Guide to Advancement 9.0.2.4]

Req. 5 – Eagle Scout Service Project (continued)

- *Be Prepared Tip #2* - Discuss your project idea with your intended beneficiary, your Scoutmaster and your Troop committee. Making a presentation to the committee can be an invaluable tool for getting feedback about your proposal before you approach the District review team. Your Scoutmaster and Troop committee should review your project to determine if it meets the requirements for an Eagle Scout Service project and is feasible. They can also help you consider safety issues.
- Although you may begin planning and filling out the Workbook as soon as you earn Life rank, you must get District approval before scheduling the project, gathering materials or beginning any work.
- *Be Prepared Tip #3* – Lake Shores District recommends that you contact the Eagle Scout Project Review Team *at least 30 days* before you want to begin work on your project.

Req. 5 – Eagle Scout Service Project (continued)

Restrictions and Other Considerations

There are no required minimum hours for a project. No one may tell you how many hours must be spent on it.

- Routine labor is not normally appropriate for a project. This might be defined as a job or service you may provide as part of your daily life, or a routine maintenance job normally done by the beneficiary (for example, pulling weeds on the football field at your school).
- While projects may not be of a commercial nature or for a business, this is not meant to disallow work for community institutions, such as museums and service agencies (like homes for the elderly, for example), that would otherwise be acceptable. Some aspect of a business operation provided as a community service may also be considered; for example, a park open to the public that happens to be owned by a business, but primarily benefits the community.
- A project may not be a fundraiser. In other words, it may not be an effort that primarily collects money, even for a worthy charity. Fundraising is permitted only for securing materials and facilitating a project, and it may need to be approved by your council. See “Eagle Scout Service Project Fundraising Application” later in this workbook.
- No more than one Eagle Scout candidate may receive credit for working on the same Eagle Scout service project.
- Projects must not be performed for the Boy Scouts of America, or its councils, districts, units, or properties.

Project Ideas – Discussion

Do you think these ideas qualify as Eagle Projects? Why or why not?

- *Conduct a pet food drive for the Humane Society by placing collection bins outside a grocery store
- *Remove invasive plant species at a local park and replace with native plants.
- *Create a 100 ft. section of trail at Camp Edward
- *Create fliers to inform about a homeless shelter and solicit donations for the shelter
- *Add a fence alongside a trail at a local park.
- *Conduct a “Racial Consciousness” forum at a local high school.
- *Assemble personal hygiene kits for distribution by a local homeless shelter.
- *Create a database of local military service personnel and conduct a letter-writing campaign for troops overseas.
- *Restore barked areas at a chartered organization’s property

Req. 5 – Eagle Scout Service Project (continued)

Project Ideas – Discussion (continued)

- *Conduct a pet food drive for the Humane Society by placing collection bins outside a grocery store. (Needs to be revised, does not provide leadership opportunities.)
- *Remove invasive plant species at a local park and replace with native plants.
- *Create a 100 ft. section of trail at Camp Edward. (Needs to be revised, project cannot benefit BSA.)
- *Create fliers to inform about a homeless shelter and solicit monetary donations for the shelter. (Needs to be revised, project cannot be a fundraiser)
- *Add split-rail fence alongside a trail at a local park.
- *Conduct a “Racial Consciousness” forum at a local high school.
- *Assemble personal hygiene kits for distribution by a local homeless shelter.
- *Create a database of local military service personnel and conduct a letter-writing campaign for troops overseas.
- *Restore barked areas at a chartered organization’s property. (Needs to be revised, comes under “routine maintenance.”)

The Eagle Scout Service Project Workbook

- 3 sections to the workbook: Proposal, Plan, Report
 - Proposal: after achieving Life rank and before getting approval signatures
 - Plan: after getting district approval and before doing the project
 - Report: after project completion and before Eagle Scout Board of Review
- The sections of the workbook do not adjust their size to accommodate the text – only provide enough details needed to explain your project
- Take pictures (if possible) or assemble other before/after documents. Attach as a separate document when you submit your proposal
- Be sure to track hours worked (yours and volunteers)
- Use complete sentences. Check spelling, punctuation, and grammar.
The current workbook does not have a “spell check” feature

Req. 5 – Eagle Scout Service Project (continued)

Instructions for Preparing Your Proposal --

Meeting the Five Tests of an Acceptable Eagle Scout Service Project

- 1. *It provides sufficient opportunity to meet the Eagle Scout service project requirement.*** You must show that planning, development, and leadership will take place; and how the three factors will benefit a religious institution, a school, or your community.
- 2. *It appears to be feasible.*** You must show the project is realistic for you to carry out.
- 3. *Safety issues will be addressed.*** You must show you understand what must be done to guard against injury, and what will be done if someone gets hurt.
- 4. *Action steps for further detailed planning are included.*** You must make a list of the key steps you will take to make sure your plan will have enough details so it can be carried out successfully.
- 5. *You are on the right track with a reasonable chance for a positive experience.***

When completing your proposal, you only need enough detail to show a reviewer that you can meet the tests above. The proposal is only the beginnings of planning. Most of your planning will come with the next step, preparation of your project plan.

Req. 5 – Eagle Scout Service Project (continued)

- Decide on a project idea
- Provide the beneficiary with “Navigating the Eagle Scout Service Project” document
- Complete the *proposal section* of the workbook
- Have proposal reviewed and approved by the project beneficiary
- Have proposal reviewed by your Troop (Scoutmaster and Unit Committee)

Information for Project Beneficiaries

Thank You and Congratulations

Congratulations on your selection as an Eagle Scout service project beneficiary, and thank you for the opportunity you are making available to an Eagle Scout candidate. Support from community organizations is important to Scouting—just as important as Scouting’s contributions are to the community. Scouts provide important services, and benefiting organizations such as yours provides a vehicle for personal growth.

The Eagle Scout Rank and the Service Project

Service to others is an important part of the Scout Oath: “... to help other people at all times.” Each year tens of thousands of Scouts strive to achieve the coveted Eagle Scout rank by applying character, citizenship, and Scouting values in their daily lives. One of the rank requirements is to plan, develop, and give leadership to others in a service project helpful to any religious institution, school, or community. Through this requirement, Scouts practice what they have learned and gain valuable project management and leadership experience.

Typical Projects

There are thousands of possible Eagle Scout projects. Some involve building things, and others do not. There have been all kinds: making birdhouses for an arboretum, conducting bicycle safety rodeos, constructing park picnic tables or benches, upgrading hiking trails, planting trees, conducting well-planned blood drives, and on and on. Other than the general limitations noted below, there are no specific requirements for project scope or for how many hours are worked, and there is no requirement that a project have lasting value. What is most important is the impact or benefit the project will provide to your organization. In choosing a project, remember it must be something a group with perhaps limited skills can accomplish under the leadership of your Eagle Scout candidate. In order to fulfill the requirement, the Scout must be the one to lead the project. Therefore, it is important that you work with the Scout and not with the Scout’s parents or leaders.

Projects Restrictions and Limitations

- Fundraising is permitted only for facilitating a project. Efforts that primarily collect money, even for worthy charities, are not permitted.
- Routine labor, like a service Scouts may provide as part of their daily lives such as mowing or weeding a church lawn, is not normally appropriate. However, if project scale and impact are sufficient to require planning and leadership, then it may be considered.
- Projects are not to be of a commercial nature or for a business, though some aspects of a business operation provided as a service, such as a community park, may qualify.
- The Scout is not responsible for any maintenance of a project once it is completed.

Approving the Project Proposal and Project Scheduling

Once a potential project is identified, you must approve your Scout’s proposal. Regular communications with the Scout can make this quick and easy, but be sure you have both discussed and considered all aspects of the project to ensure your Scout has a clear understanding of your expectations and limitations. Keep in mind the proposal is merely an overview—not a comprehensive project plan.

Some projects may take only a few weeks or months to plan and carry out, while others may take longer. Scouts working toward the Eagle rank are typically busy, so scheduling flexibility may be important. The proposal must also have several approvals, besides yours, before project planning occurs and work begins. Therefore, if a proposed project must be completed by a certain rapidly approaching date, it may be a good idea to consider something different. Remember, too, that all work must be completed before the Scout’s 18th birthday.

The Guide to Safe Scouting is an important resource in considering safety issues.

Describe the hazards and safety concerns of which you and your helpers should be aware.

Read the "[Age Guidelines for Tool Usage](#)" at [Scouting.org](#)

- Describe the hazards and safety concerns, not what you are going to do about them. Ex: "hammers can cause crushing injuries" is a description of the safety concerns associated with hammers

On my honor as a Scout, I have read this entire workbook, including the "Message to Scouts and Parents or Guardians" on page 4. I promise to be the leader of this project, and to do my best to carry it out for the maximum benefit to the religious institution, school, or community I have chose as beneficiary.

I have reviewed this proposal and discussed it with the candidate. I believe it provides impact worthy of an Eagle Scout service project, and will involve planning, development and leadership. I am comfortable the Scout understands what to do, and how to lead the effort. I will see that the project is monitored, and that adults or others present will not overshadow them.		This Eagle Scout candidate is a Life Scout, and registered in our unit. I have reviewed this proposal, I am comfortable the project is feasible, and I will do everything I can see that our unit measures up to the level of support we have agreed to provide (if any). I certify that I have been authorized by our unit committee to provide its approval for this proposal.

This service project will provide significant benefit, and we will do all we can to see it through. We understand any fund raising the Scout conducts will be in our name and that funds left over will come to us if we are allowed to accept them. We will provide receipts to donors as required.		I have read topics 9.0.2.0 through 9.0.2.15, regarding the Eagle Scout service project, in the <i>Guide to Advancement</i> , No. 33088. I agree on my honor to apply the procedures as written, and in compliance with the policy on "Unauthorized Changes to Advancement." Accordingly, I approve this proposal. Risk Management and Eagle Scout Service Projects

All Eagle Scout service projects constitute official Scouting activity and thus are subject to Boy Scouts of America policies and procedures.
