Where to find Eagle Scout Advancement information?

In the Scouts BSA Handbook,
on the Eagle Scout Rank Application,
in the Guide to Advancement, and
on the Chief Seattle Council website:
https://seattlebsa.org/advancement/advancement-eagle/

Always use the most recent Project Workbook and Eagle Scout Rank Application which are available on the Council's website. *Using older forms will cause delays*

Trail to Eagle Scout

The Eagle Scout Service Project

Requirement 5 – Eagle Scout Service Project

"While a Life Scout, plan, develop, and give leadership to others in a service project helpful to any religious institution, any school, or your community."

- *Be Prepared:* Read the workbook! Almost all questions can be answered by reading the workbook. Additionally, your signature on Proposal Page H is your **promise** that you have read the "entire workbook, including the 'Message to Scouts and Parents or Guardians'."

- "While a Life Scout" means work on the project—including planning— begins after the Life Scout board of review. It's okay to discuss project ideas before achieving Life rank.

- "Give leadership to others" means that there needs to be at least 2 people besides the scout involved with the project. "Councils, districts, and units shall not establish requirements for the number of people led, or their makeup, or for time worked on a project." GTA 9.0.2.4

- Be sure to use the most recent Eagle Project Workbook (currently the January 2021 version which may be downloaded from the council website). If you use an older version, a district reviewer **may** require that you redo your proposal on the current form.

Req. 5 – Eagle Scout Service Project (continued)

"While a Life Scout, plan, develop, and give leadership to others in a service project helpful to any religious institution, any school, or your community."

- *Be Prepared:* Discuss your project idea with your intended beneficiary, your Scoutmaster and your Troop parent committee. Making a presentation to the committee can be an invaluable tool for getting feedback about your proposal before you approach the District review team. Your Scoutmaster and Troop committee should review your project to determine if it meets the requirements for an Eagle Service project and is feasible. They can also help you consider safety issues.

- Although you may begin planning and filling out the Workbook as soon as you earn Life rank, you must get District approval *before* scheduling your project or beginning any work.

- *Be Prepared:* Most districts recommend that you submit your Proposal *at least 30 days* before you want to begin work on your project.

The project must benefit an organization other than the BSA:

Your project must be for any religious institution, any school, or your community. It is important to note, however, that the BSA has defined "your community" to include the "community of the world."

[Workbook, page 3]

Routine labor is not normally appropriate for a project. This might be defined as a job or service you may provide as part of your daily life, or a routine maintenance job normally done by the beneficiary (for example, pulling weeds on the football field at your school).

[Workbook, page 3]

While projects may not be of a commercial nature or for a business, this is not meant to disallow work for community institutions, such as museums and service agencies (like homes for the elderly, for example), that would otherwise be acceptable. Some aspect of a business operation provided as a community service may also be considered; for example, a park open to the public that happens to be owned by a business, but primarily benefits the community.

[Workbook, page 3]

A project may not be a fundraiser. In other words, it may not be an effort that primarily collects money, even for a worthy charity. Fundraising is permitted only for securing materials and facilitating a project, and it may need to be approved by your council. See "Eagle Scout Service Project Fundraising Application" in the workbook.

[Workbook, page 3]

Leadership

What Is Meant by "Give Leadership to Others ...?" (See the *Guide to Advancement,* topic 9.0.2.4)

"Others" means at least two people besides the Scout. Helpers may be involved in Scouting or not, and of any age appropriate for the work. Councils, districts, and units shall not establish requirements for the number of people led, or their make-up, or for time worked on a project.

"Others" means at least two people besides the Scout.

Project Ideas

- Talk with your Scoutmaster or other Scouting adult to see if they have a project idea
- Talk to your chartered organization to see if they have a project idea
- Think about non-profit organizations that you are familiar with— what kind of projects might these groups benefit from
- Search for ideas on the internet:
  - https://scoutorama.com/100-service-project-ideas
  - https://eagleprojects.scoutlife.org/
  - http://www.eaglescout.org/project/select.html
  - A word about "drives" (blood, clothing, food, toys, etc.): **Drives are generally discouraged** because it makes it difficult for the scout to demonstrate *planning, development, and leadership*. If you are considering a drive, you may be asked to add complexity to the project in order to show that you provided these essential characteristics of a good Eagle Scout Service Project.

Project Ideas – Discussion

Do you think these ideas qualify as Eagle Projects? Why or why not?

- Conduct a pet food drive for the Humane Society by placing collection bins outside a grocery store.
- Remove invasive plant species at a local park and replace with native plants.
- Create a 100 ft. section of trail at Camp Edward.
- Create fliers to inform about a homeless shelter and solicit donations for the shelter.
- Add split-rail fence alongside a trail at a local park
- Conduct a "Racial Consciousness" forum at a local high school.
- Assemble personal hygiene kits for distribution by a local homeless shelter.
- Create a database of local military service personnel and conduct a letter-writing campaign for troops overseas.
- Restore barked areas at a chartered organization's property.
- Build a wheelchair ramp for an elderly couple.

Project Ideas – Discussion (continued)

- Conduct a pet food drive for the Humane Society by placing collection bins outside a grocery store. (Needs to be revised, does not provide leadership opportunities.)
- Remove invasive plant species at a local park and replace with native plants.
- Create a 100 ft. section of trail at Camp Edward. Needs to be revised, project cannot benefit BSA.)
- Create fliers to inform about a homeless shelter and solicit donations for the shelter. (Needs to be revised, project cannot be a fundraiser.)
- Add split-rail fence alongside a trail at a local park.
- Conduct a "Racial Consciousness" forum at a local high school.
- Assemble personal hygiene kits for distribution by a local homeless shelter.
- Create a database of local military service personnel and conduct a letter-writing campaign for troops overseas.
- Restore barked areas at a chartered organization's property. (Needs to be revised, comes under "routine maintenance.")
- Build a wheelchair ramp for an elderly couple. (Needs to be revised, "community" normally does not refer to individuals.)

There are three parts to the Eagle Project Workbook:

1. Proposal

2. Plan

3. Report

Eagle Scout Service Project Proposal

BOY SCOUTS OF AMERICA®

Eagle Scout candidate's full legal name _____

Eagle Scout Service Project Name _____

"Proposal Must Be Approved …Before You Start"

The Five Tests of an Acceptable Eagle Scout Service Project. The proposal is an overview, but also the *beginnings* of planning. It shows the unit leader and any representatives of a unit committee, council, or district, that the following tests can be met.

1. The project provides sufficient opportunity to meet the requirement.

2. The project appears to be feasible.

3. Safety issues will be addressed.

4. Action steps for further detailed planning are included.

5. The scout is on the right track with a reasonable chance for a positive experience.

Not a requirement to use an "Eagle Project Coach".

Eagle Scout Service Project Coaches (See the *Guide to Advancement*, topic 9.0.2.9)

Many units, districts, and councils use Eagle Scout service project "coaches," because the advice they provide after approval of a proposal can be invaluable as a candidate develops his project plan. A coach can help Scouts see that if a plan is not sufficiently developed then projects can fail. Assistance can come through evaluating a plan and discussing its strengths, weaknesses, and risks, but coaches do not have the authority to dictate changes, or take any other such directive action. Instead, coaches must use the BSA method of positive adult association, logic, and common sense to help the candidate make wise decisions.

It is up to the council to determine who may serve as project coaches and how they might be assigned or otherwise provided to candidates. Coaches must be registered with the BSA (in any adult position) and be current in BSA Youth Protection training, and may come from the unit, district, or council level. For examples of how a service project coach can assist, please see the *Guide to Advancement*, topic 9.0.2.9. Note that there should be only one coach that is *designated* for you by your council or district; but your unit may also provide people to coach you.

Remember: Do not begin any work on your project, or raise any money, or obtain any materials, until your project proposal has been approved.

Unit Leader Approval*

I have reviewed this proposal and discussed it with the candidate. I believe it provides impact worthy of an Eagle Scout service project, and will involve planning, development, and leadership. I am comfortable the Scout understands what to do, and how to lead the effort. I will see that the project is monitored, and that adults or others present will not overshadow him.

Unit Committee Approval*

This Eagle Scout candidate is a Life Scout, and registered in our unit. I have reviewed this proposal, I am comfortable the project is feasible, and I will do everything I can to see that our unit measures up to the level of support we have agreed to provide (if any). I certify that I have been authorized by our unit committee to provide its approval for this proposal.

Beneficiary Approval*

This service project will provide significant benefit, and we will do all we can to see it through. We realize funding on our part is not required, but we have informed the Scout of the financial support (if any) that we have agreed to. We understand any fund raising he conducts will be in our name and that funds left over will come to us if we are allowed to accept them. We will provide receipts to donors as required.

Our Eagle candidate has provided us a copy of "Navigating the Eagle Scout Service Project, Information for Project Beneficiaries."

Council or District Approval

I have read topics 9.0.2.0 through 9.0.2.15, regarding the Eagle Scout service project, in the *Guide to Advancement*, No. 33088. I agree on my honor to apply the procedures as written, and in compliance with the policy on "Unauthorized Changes to Advancement." Accordingly, I approve this proposal. I will encourage the candidate to prepare a project plan and further encourage him to share it with a project coach who has been designated for him.

Evaluating the Project After Completion (See the *Guide to Advancement,* topic 9.0.2.13)

Eagle Scout projects must be evaluated primarily on impact—the extent of benefit to the religious institution, school, or community, and on the leadership provided by the candidate. There must also be evidence of planning and development. This is not only part of the requirement, but relates to our motto to, "Be Prepared." However, in determining if a project meets requirement 5, reviewers must not require more planning and development than necessary to execute the project. These elements must not overshadow the project itself, as long as the effort was well led, and resulted in an otherwise worthy outcome acceptable to the beneficiary.
