There is a great variety of elements with names such as Hole in Space, Giant's Finger, Water Wheel, Whale Watcher, TP Shuffle, and Nitro Crossing. Each element poses a unique challenge and there is never only one right answer! High Course

The High Rope Course is a very challenging set of elements built by a professional builder and maintained according to rigid safety standards. The high course includes nearly every element in the book and more! There are four different ways to reach the course 35 feet off the ground. Each participant wears a harness and helmet and is monitored at all times. Elements on the high course include the Tarzan Swing, the Multi-Vine Traverse, the Indiana Jones Bridge, and the Vertical Playpen.
