September, Week 2

My Tiger Jungle

Requirements

Complete requirement 1 plus at least two others.

1. With your parent, guardian, or other caring adult, go for a walk outside and pick out two or more sights or sounds of “nature” around you. Discuss with your partner or den.
2. Take a 1-foot hike. Make a list of the living things you find on your 1-foot hike. Discuss these plants or animals with your parent, guardian, or other caring adult, or with your den.
3. Point out two different kinds of birds that live in your area. With your parent, guardian, or other caring adult, or with your den, find out more about one of these birds.
4. Be helpful to nature by planting a plant, shrub, or tree. Learn more about the needs and growth of the item you have planted.
5. Build and hang a birdhouse.

◆ Activity: Outdoor Sights and Sounds (Requirement 1)

1. Go outside for a short walk. Explain to the Tigers that when you are outside, you should not talk, just look and listen. In a safe place, have them stop and close their eyes. Ask: How does closing your eyes make it easier to hear the sounds?
2. Have the Tigers and open their eyes and look around. Do they see something they have not seen before in nature?

Have the Tigers record what they observed either by writing or drawing pictures in a notebook to illustrate it. If a nest is spotted, have them identify the type of material the birds used to build the nest, making sure not to disturb it.

September, Week 3

◆ Activity: Hike (Requirement 2)

1. Take a 1-foot hike.

1-Foot Hike-

Help Tigers stake out a 1-foot-by-1-foot square outside. Encourage them to write down or draw pictures of every living thing that they see in this small space. Ten minutes is sufficient for this activity. After the Scouts have recorded their observations, give them time to describe what they observed to other members of the den, parents, or buddy family. If appropriate, invite them to talk about how this activity would be different if carried out in a different place and what they might expect to see elsewhere.

September, Week 4

◆ Activity: Bird Walk (Requirement 3)

1. Go outside, and choose a safe path where Tigers are likely to spot birds. Walk the path quietly, and watch for birds as you walk. When you spot a bird, ask the Tigers to answer the following questions in their jungle notebooks:

- What color is the bird?
- How big is it?
- Can you see the bird's home? What kind of home does this bird live in?

Share that many birds' homes are called nests. Birds make their own nests to help keep them warm and to hold their babies or eggs when they are away from the nest. Ask: What are their nests made of? Do you see any babies in the nest? What sounds do they make?

Guide Tigers to resources such as a library or the internet to learn about birds that migrate through their area. If your area is home to several species of birds, be sure to include them in the conversation.
