All or part of each requirement for this adventure will be completed by the Scouts at home with the participation of their families. Activities and discussions in the two den meetings will reinforce the relevant themes (A Scout is loyal) and prepare the Scouts for completing the requirements.

December, Week 1

◆Activity: Planning At-Home Projects

- Have each Scout decide which options for requirements 2 and 6 they want to complete for the adventure.
- You may want to hold a “mock family meeting” to help den members see how a family meeting might lead to a successful family reunion, family night, or family outing. How can a Scout be sure that everyone in their family, from the youngest to the oldest, has an opportunity in the meeting to suggest ideas and express his or her opinion?
- What if a family decided to have a cleaning day at home? How could they plan the day so it would feel like a game but also get the work done quickly and efficiently? After all, a big part of being active in your family is to have FUN with your family! Ideas might include:
 - Use a timer to give each family member a limited number of minutes or hours to complete a task. Have a friendly race to see who finishes first!
 - Break down the chores on a chart and have each person do only one chore at a time.
 - When a chore is finished, put a check mark, happy face, or star next to it on the chart. Then move on to the next chore!
- Tell Scouts that the ultimate goal of these activities is for them to HELP their families. One way to do this is by communicating well with their parents or other family members. Have Scouts write down the ideas they will share with their families.

◆Activity: Interview

- Each Scout will conduct an interview with a family elder or family friend (requirement 1), and use information about their family history to create a family tree or one of the other projects listed in requirement 2. They can make their family tree using old photos, drawings, and perhaps even add multimedia elements with recorded voices or videos of family members. They can play the role of the family historian and investigate their family! Remind them to cover three generations in the family tree or create an alternative tree structure that will represent their own special family situations. Every tree will be different, and all Scouts should be encouraged to celebrate the important family members in their lives

December, Week 2

◆ Activity: Home Safety Checks (Requirement 5)

- Tell Scouts they are now members of a safety inspection team. Their mission: to walk through a room where you have set up at least four or five potential hazards, check off the problems that need to be addressed on the Safety Checklist and make sure the hazard is eliminated.
- If possible, have one situation that the Scouts can fix with a screwdriver or other tool. Give each member of the den a pen and a copy of the Safety Checklist to fill out as they go through the room.
- Remind everyone that these jobs are meant to be helpful to their families. A Scout is helpful!

Activity 2: Home Safety Checks

Safety Checklist:

- No toys scattered on the floor or other items that might cause someone to trip.
- Poisons and any potentially hazardous substances are stored in their original containers and out of reach of children.
- Matches are kept where children cannot get them.

- Pot holders can be easily reached from the stove or oven.
- No furniture is blocking emergency exits.
- Smoke detectors are installed and working.
- No flammable materials are stored near stoves, furnaces, or heaters.
