Youth Leadership Training Options

- **Vision:** The Boy Scouts of America is the premier leadership development organization for youth in the United States of America.
- **Methods:** The youth leadership training continuum represents the scope and sequence of leadership training courses available to youth members of the Boy Scouts of America and hands-on experiential learning through actual leadership roles.

Introduction to Leadership Skills

- *Introduction to Leadership Skills for Troops (ILST)*
- *Introduction to Leadership Skills for Crews (ILSC)*
- *Introduction to Leadership Skills for Ships (ILSS)*
- The training course is delivered to the youth of the troop, ship, or crew by older and more experienced youth as soon as a young person has been selected by his or her peers for a leadership position.

Welcome

This online virtual Introduction to Leadership Skills for Troops (ILST) and Crews (ILSC) consists of three unique modules.

Module 2 consists of five segments covering *Creating a Vision, Goal Setting, Communication, Planning and Delegation, and Stages of Team Development*. This too can be found in the BSA Learn Center.

Module 3 is the online virtual discussion to provide Scouts an opportunity to discuss and interact with leaders on topics that include *Team Development and Characteristics, Group Decisions, Leadership Styles and Tools, Ethics and Values, and the EDGE method*. This PowerPoint presentation is designed to accompany the script that will be followed for that discussion.

Learn. Challenge. Lead.™

Module 3 of this training should not be used once the pandemic lessens and Troops/Crews are able to meet in person. Once this is possible the training should be delivered face-to-face using the original ILST/ILSC syllabi.
