

## Fun Around the House Drawing

**Concepts:** Line, shape, form, color, texture, focal point

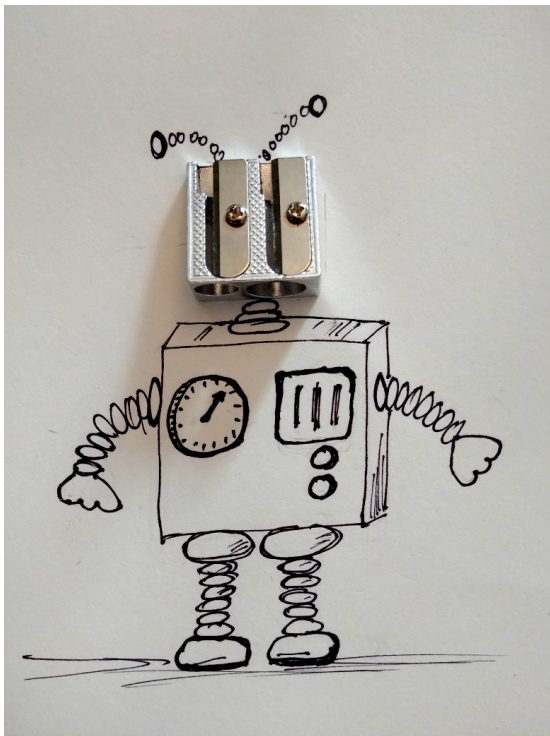

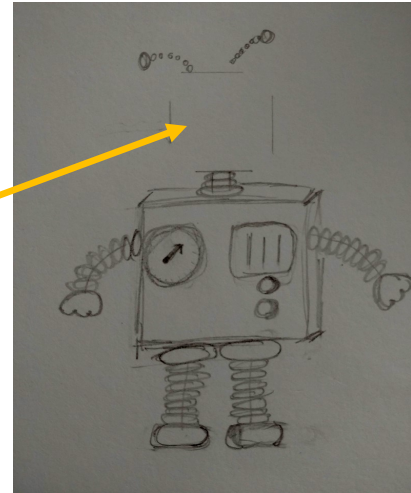

**Materials:**

White cardstock, colored construction paper, or Mixed Media paper

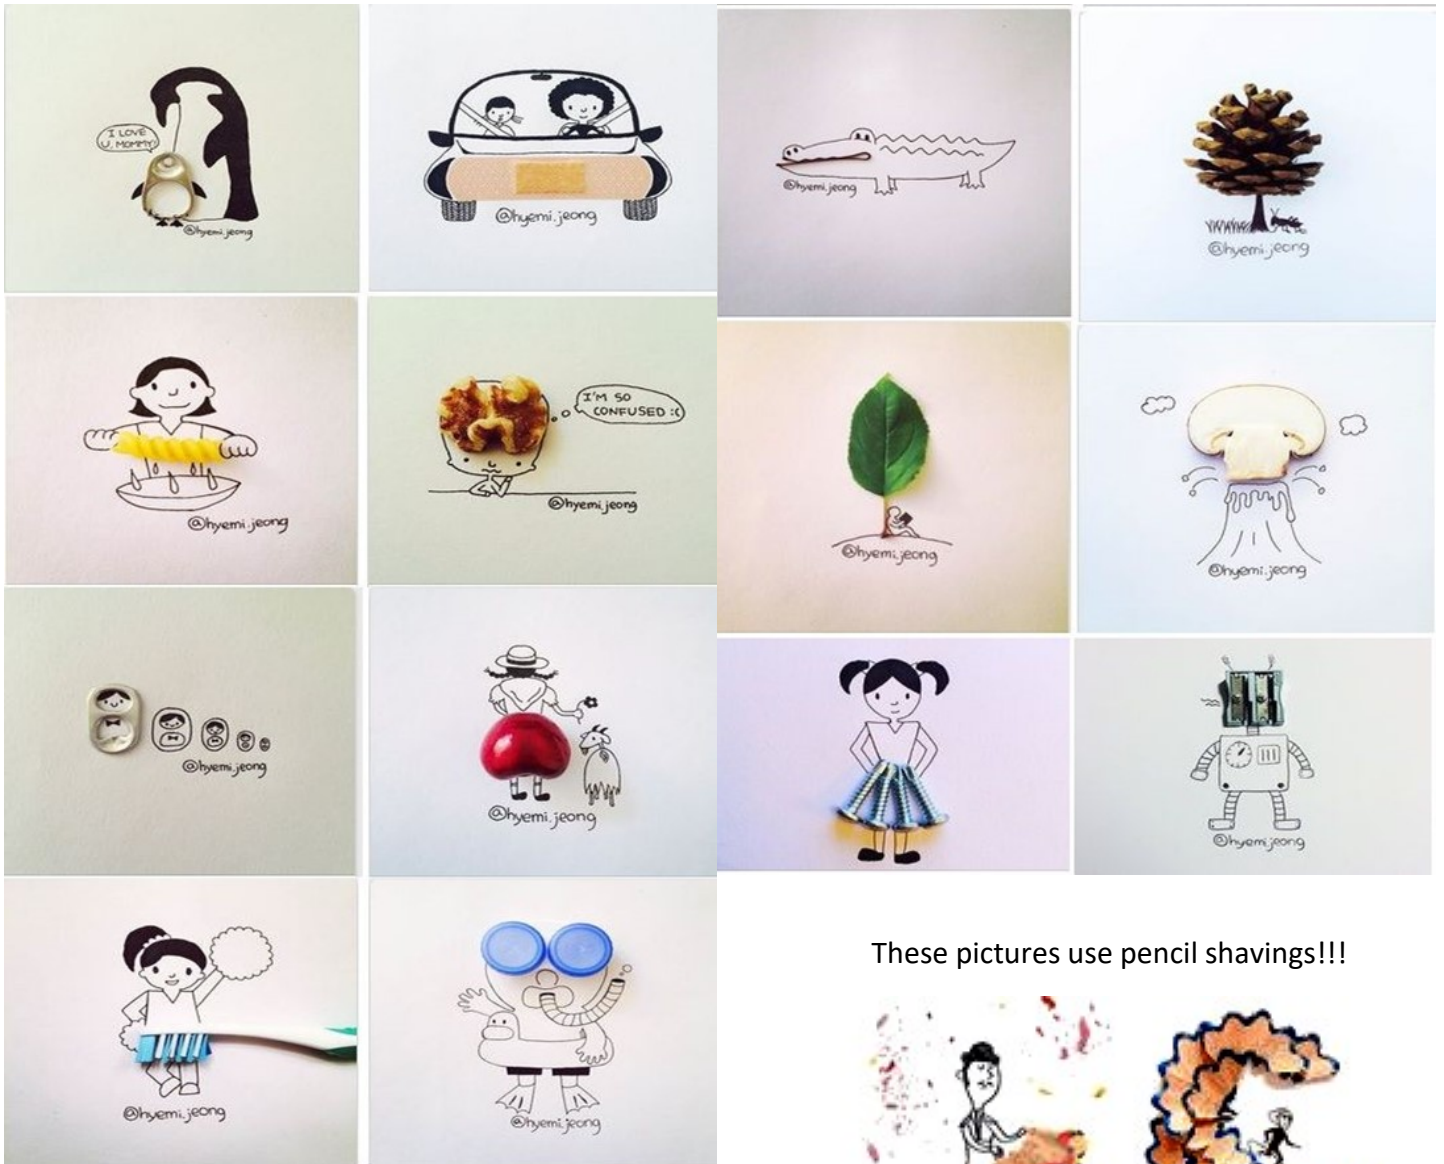

Pencil, eraser, colored markers

found items from around the house

1. Select a “found” item from around the house.  
See page two for some ideas. Using paper , pencil, and eraser have your child plan out and draw their image, you can even lightly trace where your item will go before and create a drawing around it (see image to the right).
2. Once the sketch is completed the image can be outlined in black only or color can be added using markers. Image below was created using a pencil sharpener.

Here are some ideas to help you get started..... allow your child to be creative!

These pictures use pencil shavings!!!
